WORK EXPERIENCE

Fujito Group

2023 - Present

Operations & Product Manager

Kathmandu, Nepal

- Created **20+ reports and dashboards** for senior management and directors, covering profitability and monthly sales performance, to support pricing, margin and planning decisions.
- Led internal audit reviews to confirm accounting treatments met regulatory norms, identifying discrepancies and resolving stock variances.
- Managed high-volume voucher processing across **10+ transaction types** while maintaining accuracy across operational accounts.
- Automated daily reporting by pulling data directly from the SQL database and publishing it to a web-based reporting portal. This cut report preparation from **20+ minutes each day to instant access**, with three refreshes during working hours so the team always sees current figures.
- Built the reports with Power Query, PowerPivot and advanced Excel formulas, delivering MIS dashboards for leadership decision-making.
- Coordinated with suppliers on shipments, pricing negotiations and sales execution, linking commercial activity to reported financial results.

Integrated Tools

2021 - 2023

Senior Manager

Kolkata, India

- Closed two rice export deals worth **INR 4 crore (INR 40 million)** and oversaw each end to end: logistics, shipment tracking, export documentation and payment follow-up.
- Managed the firm's accounting books and handled Income Tax, GST and TDS filings.
- Maintained APEDA and FSSAI compliance across export operations.

CA Golechha & Co.

2019 - 2021
